WITH REFERENCE TO 1928 CORNERSTONE PASS PROPERTY

I Mrs. Oyetunji Ruth Kemi is the bonafide owner of the 1928 cornerstone pass property.

The property was bought with my entire retirement benefits with addition to monetary support from my children.

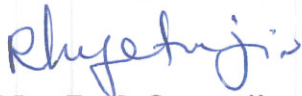

I am at the moment a senior citizen. I only have proceeds from the property to manage my self-associated ailments of old age.

The ailments I manage does not allow me keep my American Bank Account flow well since I am supposed to keep about \$2,500 balance to avoid charges from the bank.

I therefore had to seek the assistance of Mrs. Yemisi Adeniran to help me oversee the property. Mrs. Yemisi Adeniran has been transferring every dime gotten from that property to me. Freely to enable me manage my old age associated ailments. The help and money she has been collecting and transferring to me has been her own free support in making me survive. She sometimes adds her own personal income to make up in supporting my numerous financial needs.

So whatever charges the IRS will need to make should be directed to me. Here is my **ITIN NUMBER (971-94-6247)**.

Thanks for your understanding.

Mrs. Ruth Oyetunji
